Introduction

Thank you for your interest in applying to the Foundation. If you have applied to the Foundation before, you will be familiar with our two-stage application form. However, due to the impact of COVID-19, we have decided to have only one stage, as this will allow applicants more time to complete the application form. We appreciate the challenges in gathering all the documentation together, therefore, applicants are only required to submit certain documents later on if their application is successful. Please see page 7 for what must be submitted with the application.

Overview

Across Europe, Jewish communal professionals and volunteers play a vital role in supporting and enhancing Jewish life – the Jewish summer camp co-ordinators, the programming staff at the Jewish Community Centre, the Jewish studies teachers, the synagogue and community lay leaders and the volunteer Sunday school parents are some of the examples of tireless individuals making a difference in their communities. The Foundation recognises and appreciates their contribution and yet, often-times, these same people have not had the opportunity to deepen their own Jewish knowledge or update their professional expertise to help them working within Jewish communities.

To address these needs, the Foundation is offering communal organisations support to enhance the Jewish experience and learning of its own personnel – paid and unpaid, junior and senior. A strong Jewish learning component must be at the core of the programme and it is expected that this will in turn influence the breadth and depth of the activities offered within the community.

Applicants are also encouraged to visit the website of [Yesod](#) to learn more about available professional development opportunities for individuals and also the website of [Gesher L'Europa](#) – a joint project of the Foundation and the National Library of Israel featuring educational resources and training opportunities.

Skills, Knowledge and Tools for Jewish Education

We hope that with the support of this grant, Jewish community organisations will devise and implement high quality professional development trainings for their staff and volunteers. As a result, participants will develop stronger Jewish fluency¹ expressed in more educational programming with quality Jewish content reflected in an increased usage of Jewish materials and vocabulary in their activities.

Length and Level of Support

Most of our grants in this programme are between £15,000 - £40,000 per year. In this programme, we usually only fund up to 70% of the project budget. In rare cases, we will fund a more significant proportion of the costs. Please note, requests for 100% of project funding are likely to be rejected.

¹ See here some interesting articles illustrating the areas that we would like to see strengthened:
[Jewish Fluency: Creating a new culture by Abi Dauber Sterne](#)
[Jewish Literacy for Jewish Professionals: Why We Need to “Speak Jewish” by Anita Silvert](#)

Proposed Project

The proposed project can be a new initiative or an upgrade of an existing programme. Please note that if you are looking to improve an existing programme, the budget and narrative should reflect how the funds requested will be allocated to new activities aimed at strengthening the Jewish knowledge and delivery skills of the participants.

Proposed projects should focus on the professional development section of the application form and they can also include optional plans for programme implementation.

The programme implementation section of the application form is not compulsory (since it might not be relevant in every case). However, we encourage applications that demonstrate how the skills, knowledge and tools that the participants acquire through professional development engage their audiences in Jewish life and learning in the programme implementation. Your application can include a budget for this follow up programming. If programme implementation does not apply to your project, leave that section blank.

Examples for each section include, but are not limited to, the following:

Professional Development Section (Training):

- A professional development programme addressing skills, knowledge and tools for staff and/or relevant volunteers that includes a strong Jewish learning component
- A support/mentoring programme for new Jewish educators/teachers
- Expert training visits from content specialists to work with staff and relevant volunteers to enrich Jewish curriculum and programme delivery
- Opportunities for shared Jewish learning with professionals in other institutions
- Learning trips by staff members seeking to shadow experts based at other European institutions.
- Support to engage a Jewish educator

OPTIONAL : Programme Implementation Section (Activities)

As a result of the above professional development programme, your application may outline a plan of Jewish-content based activities to be delivered to wider audiences in the community.

The range of examples listed below offer ideas that may also work in your organization. We do not expect to see a replication of these programmes in your application, but they may inspire you to think creatively about enhancing Jewish content in your organization and community.

- A training course for Jewish studies teachers on heritage skills and knowledge (such as [MiDor LeDor](#)).
- A knowledge-based game or competition (Such as [this game for schools](#))
- An adult learning course based on [10 Jewish sensibilities](#)
- A programme to enhance Jewish learning experiences at youth camps like [Hiddur](#).
- Development of new approaches to Bnai Mitzvah celebrations such as [Bnai Mitzvah Revolution](#) or [Bar/Bat Mitzvah at the National Library of Israel](#)
- Collaborative programmes between city and camp (see [example here](#))

- A forum for educators and volunteers from different community institutions to look at the provision of Jewish education as a whole – [the education ecosystem](#).
- A network for education professionals in similar fields - [Network of early family engagement professionals](#)
- Programmes to support interfaith families exploring Jewish life (see [example here](#))

Eligibility Criteria

1. MULTI-COUNTRY: We welcome applications from pan-European organisations, and organisations serving several communities in a European region. This includes Scandinavia and the Baltics, international organisations with a European affiliate. Please note: The Foundation is unable to accept applications from other FSU countries.
2. SINGLE COUNTRY: Applications from organisations serving one country are welcome from the following countries: Belgium, France, Germany, Hungary, Italy, Netherlands, Spain and UK.
3. Proposed projects should target professionals and volunteers in Jewish community and informal educational settings.
4. Eligible costs include additional staff hours for coordination of training programmes, expert lecturers, travel for participants. The Foundation favours proposals that include multiple funding sources, as well as clear evidence of institutional commitment to the initiative in the form of gifts in kind and other forms of financial commitment.

Your organisation must provide the Rothschild Foundation Hanadiv Europe with proof of its charitable status in the country where it is registered. Moreover, the organisation's activities need to qualify as charitable under UK charity law. For more information please consult www.charitycommission.gov.uk.

If you are in the process of obtaining charitable status, please be aware that no payments will be made to your organisation until you have achieved this status. Additionally, if your organisation is awarded a grant but fails to secure charitable status within 3 months of having been notified of the award, the grant will be cancelled.

The Foundation supports a wide variety of projects at different stages of development, including stand-alone initiatives and new aspects of an existing project. However, we do not fund retroactively – i.e. we will not fund an activity that has already happened or is already scheduled to happen while the application for funding is under consideration. Therefore, the starting date of your project should not be earlier than 1st January 2021.

An invitation to submit an application form is no guarantee of funding.

Simultaneous Applications

If you have an existing grant with the Foundation that ends before December 2020, you may apply for a grant in this round, but your new project must start no earlier than January 2021. A brief update on the current status of your existing grant must be provided with your application.

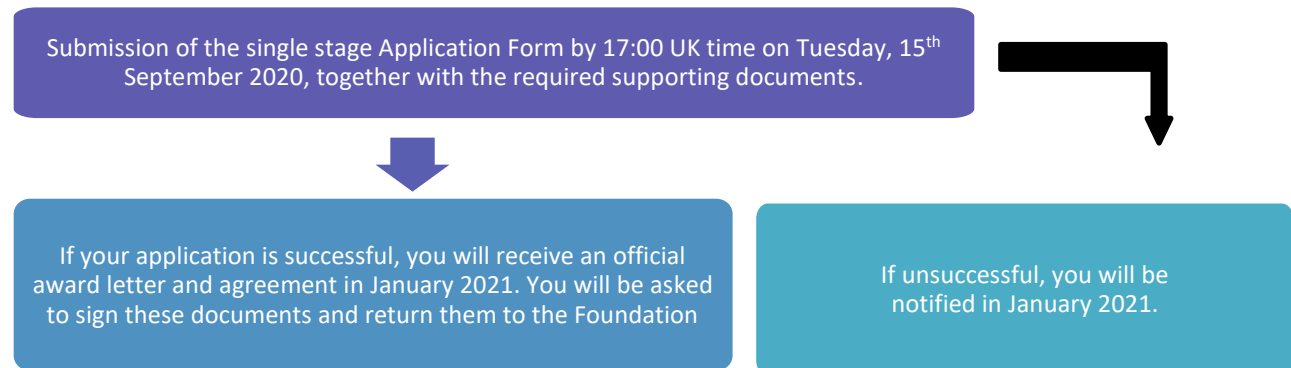

If you are uncertain about the eligibility of your proposed project or If you would like to have an informal conversation about your project prior to applying, please contact Daniela Greiber at the Rothschild Foundation Hanadiv Europe on d.greiber@rothschildfoundation.eu.

Completing the Application Form – additional information

We strongly recommend that you read all of the questions before you fill the application form to avoid repetition.

In the application you will be asked some generic questions about your organisation's budget and staff. In addition, if you are awarded a grant, you will be required to upload supporting documentation. See below.

Please note - questions marked with a * [red asterisk] must be filled in or our system will not be able to accept your application. Other than the questions relevant to a project involving digitisation, all other questions are compulsory – if there is a reason you cannot answer a question, please explain your reasons.
