Jewish Communal Life Grant Programme

Professional Development for Camp Leadership

Youth movements and communal organisations may apply for projects that focus on enhancing the ability of the camp leadership to deliver meaningful and engaging educational programming.

While camps depend on the capacity of the madrichim (youth leaders) at every level to inspire their chanichim (campers), our grants should ensure they develop the confidence to learn to draw on Jewish content and resources to maximise the Jewish experience.

Please contact Daniela Greiber at d.greiber@rothschildfoundation.eu to discuss your proposal.

Deadline for submission: Thursday, 18 April 2024

Funding is available for the following:

Proposed projects can be a new initiative or an upgrade of an existing programme. If you are looking to improve an existing programme, the budget and narrative should reflect how the funds requested will be allocated to new activities aimed at strengthening the Jewish knowledge and delivery skills of the participants.

Your proposed project should focus on learning and training and can also include optional plans for programme implementation (activities).

- **Programmes** - A strong Jewish learning component within the camp leaders training programme. It may include a support/mentoring programme for new camp leaders.

- **Learning** - Opportunities for shared Jewish learning with peers from other institutions or learning visits for young leaders to shadow peers based at other European Jewish camps.

- **Experts** - Expert training visits from content specialists to work with leadership team to enrich Jewish curriculum and programme delivery or support for a dedicated Jewish educator role.

Updated: May 2023

- **Jewish content activities during camp** - **A** well-thought out plan of Jewish-content based activities during camp and/or throughout the year that would reflect the skills and knowledge that the participants gained in the training.

Level and duration of support

Requests for funding should range from a minimum of £10,000 per year to a maximum of £20,000 per year for up to 3 years (maximum total of £60,000).

We will fund up to 85% of the project budget and at least 15% of the cost of the project will need to come from other funding sources. We favour proposals that include co-funding from other organisations as well as clear evidence of financial commitments from your own institution (eg. institutional reserves, money raised from ticket sales etc.) as well as in-kind contributions and allocated costs (see below).

Applications requesting more than 85% of the total project budget will be rejected.

In-kind Contributions and Allocated Costs

In-kind contributions and **allocated costs** can make up at least 15% of the total cost of your project. Please ensure you identify these on your Project Budget Form under *Project Income* and use the *Budget Explanation* section to provide further details eg. breakdown of salaries, volunteer time etc.

In-kind contributions include any materials, goods, services or facilities that you would otherwise have to pay for but that are being provided free of charge or at a reduced rate. This may include:

- volunteer time (i.e. how much would the time donated to the organisation cost if it had to be paid at an hourly rate in your country)
- new equipment that is donated to be used by the project
- dedicated space for the project that would otherwise have to be rented

Allocated costs include expenditure which must be paid for at some point by your organisation and do not qualify as in-kind contributions. This may include:

- services of an employee currently employed by your organisation for time spent on the project (e.g. staff costs, project management or supervision)

- additional time spent on the project by existing employees, beyond their current contracted hours, e.g. a part-time staff member who takes on additional responsibilities for the duration of the project
- supplies and material bought by your institutions which will be used on the project
- additional dedicated space for the project that will need to be rented

Eligible costs

We support applications for project-related costs so please ensure your project budget fits our criteria.

You may find it useful to visit our [What we don't fund](#) page before starting your application.

We support a wide variety of projects at different stages of development, including stand-alone initiatives and new aspects of an existing project. However, we do not fund retroactively. This means we will not consider a request for funding for an activity that has already happened or is scheduled to happen while the application for funding is being considered.

Eligibility Criteria

We welcome applications from nation-wide community camps, and camps serving several communities based in Europe, EU and non-EU states alike **except for Ukraine, Russia and Belarus.**

The organisation's activities must be deemed charitable under UK charity law, and we will require proof of its charitable status. This includes organisations which are either not-for-profit or publicly funded e.g., state or private libraries, archives, museums, research institutes, universities, cultural centres or non-profit organisations. For more information, please consult the UK's [Charity Commission](#) website and its list of [Charitable Purposes](#).

If you are in the process of obtaining charitable status, please be aware that no payments will be made to your organisation until you have achieved this status. Additionally, if your organisation is awarded a grant but fails to secure charitable status within 3 months of having been notified of the award, the grant will be cancelled.

Assessment Criteria

The strength of your application will be assessed based on the answers to the following questions:

- Does your project reflect the goals of the Amitei Europa programme?
- Is your organisation and its staff able to deliver the project?

- Is the planning of your project thorough, including sound objectives and evaluation measures?
- Does your proposed methodology adhere to internationally recognised standards?
- Does the project budget reflect the scope of your project and the local context?
- Is the impact of the project measurable and achievable?
